Education

Omega business school, Iam pursing bachelor of computer application(bca) 2nd year .

- Percentage :80%.   July 2023 – may 2026

Osmaniya junior collage, CGPA : 6.66   Aug 2021- April 2023

Projects

MERN Stack Projects:

Ai writing assistant
 Built an AI-powered writing tool with spellcheck, grammar correction, and rephrasing using the Gemini API. Features include user login and a clean React + Node.js/Express.js setup for seamless performance.

eCommerce Web App (In Progress)
Developing a full-stack MERN eCommerce platform with user auth, product listings, cart, image upload, seller dashboard, and checkout. Focused on responsive UI and secure APIs.

Weather App
Created a real-time weather app using React.js and OpenWeatherMap API with features like search, °C/°F toggle, dynamic icons, and humidity/wind data.

Frontend Mini Projects
Built 10+ interactive mini projects (e.g., Calculator, Todo List, Form Validation) using HTML, CSS, JS. Focused on DOM manipulation, animations, and responsive design.

Skills

Languges:c,java,javascript.
